RE: RISPLS Petition to NCEES

Dear Ed:

At a recent meeting, the Board of Directors of the Indiana Society of Professional Land Surveyors voted to support the RISPLS petition to NCEES regarding the removal of the term "engineering surveys" from Chapter 110.20 of the NCEES Model Law.

ISPLS echoes the concerns of RISPLS, the National Society of Professional Surveyors and other societies that have voiced support for the petition due to concern over confusion and/or potential conflicts with both state laws and the definition of surveying within the Model Law itself.

Please let me know if you have any questions.

Gary R. Kent, L.S.
President, ISPLS
